## DETAILED ACTION

### *Claim Rejections - 35 USC § 102*

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless -

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

(e) the invention was described in a patent granted on an application for patent by another filed in the United States before the invention thereof by the applicant for patent, or on an international application by another who has fulfilled the requirements of paragraphs (1), (2), and (4) of section 371© of this title before the invention thereof by the applicant for patent.

The changes made to 35 U.S.C. 102(e) by the American Inventors Protection Act of 1999 (AIPA) do not apply to the examination of this application as the application being examined was not (1) filed on or after November 29, 2000, or (2) voluntarily published under 35 U.S.C. 122(b). Therefore, this application is examined under 35 U.S.C. 102(e) prior to the amendment by the AIPA (pre-AIPA 35 U.S.C. 102(e)).

2. Claims 45-50 are rejected under 35 U.S.C. 102(b) as being anticipated by EPO (0188358).

EPO '358 discloses a mechanism comprising a plurality of columnar segments (see Fig. 6) in a vertically stacked arrangement, each segment having a vertical surface discontinuity oriented substantially parallel to the axis of the structure (see Fig. 6), the segments being arranged with respect to each other so that the surface discontinuity of each segment is circumferentially displaced from the surface discontinuity of an adjacent segment (see Fig. 6).

3. Claims 45-50 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by Gottfried (US 5985385) (see Fig. 1).

Art Unit: 3673

4. Claims 45-50 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by Knapp (US 5967699) (see Fig. 4).

5. Claims 45-50 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by British document (GB 2335248) (see Figs. 1,3,4).

6. Claims 45-50 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by Wipo (WO 98/19018) (see Figs. 4,5).

#### *Response to Arguments*

7. Applicant's arguments with respect to claims 45, 49 and 50 have been considered but are moot in view of the new ground(s) of rejection.

#### *Conclusion*

8. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however,

Art Unit: 3673

will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
